WINTER TIME ON THE FARM.

This is the Season for Study and Making Needed Repairs.

Winter is the farmer's recuperative period. It gives time for study and for outlining the coming year's work. In the summer the farmer is kept busy carrying out the work planned the previous winter; he even has work for the rainy day and does well to get a few minutes with his farm paper.

In the long winter evenings little, if anything, can be done in the fields, and the time can be spent in reading and study that will enable him to carry on the farm operations more efficiently. After the plans are made, the next thing is to see that everything is in readiness before the coming of spring.

Is the machinery in good condition? If not, time can profitably be spent in the repair shop. When the machinery is run under the shed in the fall it should be examined carefully, and a note made of the repairs needed. Time will be saved if a tag is put on the piece needing repairs, so it can be found readily.

Again, as the machinery is gone over it should be oiled well to protect it from rust. The life of the machinery will not only be lengthened but it will be much easier to manipulate when next wanted.

TUESDAY'S GAMES MAY DECIDE.

Victor in Normal Basket Ball Tournament—M.-L's and Toggeries Won Monday Evening.

Standing of the Teams.

	Won.	Lost.	Pr.ct
Montgomery-Lyles	10	4	.714
Toggeries	9	4	.692
Bull Mooses	7	6	.539
Montgomery Shoe Co.	6	8	.428
Berney Harrises	4	8	.333
Bee Hives	3	9	.250

Both the Montgomery-Lyles and the Toggeries won in the Normal basket ball tournament Monday afternoon, the M.-L's winning from the Berney Harris quintet 16 to 11, and the Toggeries conquering the Bee Hives by a count of 20 to 13. As will be seen by the standing of the teams the M.-L's are still half a game ahead of the Toggeries. Should the Toggeries win from the Berney Harrises Tuesday, first place will be tied up, but, on the other hand, if the Harris team should slip one over on the Togs, the pennant will go to the Montgomery-Lyles.

The M.-L's are especially jubilant over their defeat of the Berney Harris five last evening, since the latter team defeated the leaders on the two other occasions. In the first half the winners had things entirely their own way and that period ended with the M.-L's ahead, 10 to 1. But in the final half the Harrises played their opponents off their feet and scored 9 points to the M.-L's six. Lamar, right forward for the victors, was the star of the game. He got away with six field goals. The line-up:

Montgomery-Lyles—Forwards, Lamar and Carpenter; center Daise; guards, Miller and Scott.

Berney Harrises—Forwards, Taylor and Mathes; center, Perrin; guards, Allison and Boyer.

Summary—Goals from field: Lamar 6, Daise 2, Perrin 3, Mathes. Free throws, Perrin 2.

Capt. Seymour deserves all the credit for the Toggeries' victory over the Bee Hives in the second game. "Sey" just warmed up a little in the first half by getting three field goals, and in the last period he turned loose and pickled seven more, making a total of 20 points out of the 25 scored. G. "Buck" Holmes took care of the other five points with two field goals and a free throw. Eek at forward for the Hives was the whole show for the losers. He garnered four baskets and three free throws for a total of 11 points. The line-up:

Toggeries—Forwards, Seymour and Holmes; center, Johnson; guards, Howley and Shaub.

Bee Hives—Forwards, Eek and Strader; center, Anderson; guards, Nicholas and Hanna.

Summary—Field goals, Seymour 10, Holmes 2, Eek 4, Hanna. Free throws, Eek 3, Holmes.

LASLEY NOT GUILTY

BY DECISION OF KANSAS CITY COURT OF APPEALS.

NOT A WIFE DESERTER

Judge Broaddus Decides Law in Case of Hopkins Man Tried in Nodaway Circuit Court.

According to the decision of Judge Broaddus, presiding justice of the Kansas City court of appeals, the case of the state vs. Clarence Lasley was reversed and the defendant discharged. The case was tried in the Nodaway county circuit court last February and young Lasley received a sentence of twelve months in jail and a fine of $500 from the hands of a jury. The case was then appealed to the Kansas City court.

Lasley was charged with wife abandonment. According to the decision of the Kansas City court Lasley will not be tried again. The young man is from Hopkins.

A Kansas City paper, speaking of the decision in the Lasley case said:

A man can leave his wife frequently or entirely and live in another community, and as long as he supplies her with three meals a day and clothing he is immune from a charge of wife abandonment. That was the effect of a decision in the court of appeals yesterday.

Mrs. Clarence Lasley of Hopkins left Hopkins to visit her parents in July, 1911. When she returned her husband told her that single life suited him very well, and that either he or she must leave. He left, and a charge of wife abandonment was made. The fact that Lasley had contributed to the support of his wife after the two lived apart caused the Kansas City court of appeals to reverse the decision.

Prosecuting Attorney Wright and Assistant Ford represented the state, and Cook, Cummins & Dawson the defendant.

DELIVERS INSPIRING MESSAGE.

President Taylor Gave Address to the African Methodists on Sunday.

Dr. H. K. Taylor, in response to an invitation extended him by Rev. J. R. Carter of the A. M. E. church, this city, delivered one of the most scholarly and inspiring messages that that congregation has ever heard in this city, on Sunday. Dr. Taylor made Sunday exhortations from the 12th chapter of Romans, selecting for his sermon text, however, "The Candlestock Christian." Among the many good things he impressed were that Christians should let their lights shine by living correctly, not merely on Sunday at the church, but every day; Christians should use that influence in co-operation with minister and teacher to bring others into the fold of righteousness, and so organize social conditions that when a moral issue is at stake the colored people will be found on the right side. He admonished them to draw a line of morality and let it be distinct, and the time will come when good Christian negroes will be considered not as the "ordinary," but as a man. Such men as Dr. Taylor are always welcome, and the congregation of the A. M. E. church hereby express their sincere thanks and appreciation for his message.

WORKS IN CLASSICS

THE NEED OF OUR PUBLIC LIBRARY AT PRESENT TIME.

WOULD MAKE NICE GIFT

For the Reading Public—A Private Fund by Our Citizens Would Be a Good Christmas Gift.

There are many classical works that are needed in the public library, and the only way to secure them is for the people to contribute to a fund for this purpose. The library board cannot order them, as they only get enough money to pay the running expenses of the library. The fiction books that are being ordered are paid for, as they are penny a day books.

It has been suggested that the citizens contribute to a fund to get these classics. They can be purchased at a very low price, one-fourth off of publisher's prices, from a publishing firm in Chicago. All that wish to give something for this purpose are requested to inform the librarian, Miss Grace Langan.

Here are some of the classical works that are needed at the library:

Robert Louis Stevenson's works, 10 volumes.

Sir Walter Scott's novels, 24 volumes.

Guy De Maupassant's works, 10 volumes.

Wm. Harrison Ainsworth's works, 8 volumes.

George Eliot's works, 8 volumes.

Robert Browning's works, 12 volumes.

Taine's History of English Literature, 4 volumes.

W. M. Thackeray's works, 10 volumes.

Lane's Arabian Nights, 4 volumes.

Daniel DeFoe's works, 8 volumes.

Plato's works, 4 volumes.

Alexander Dumas' works, 18 volumes.

Thomas Carlyle's works, 10 volumes.

Count L. N. Tolstoi's works, 12 volumes.

BOARD OF REGENTS

MEETING OF NORTHWEST NORMAL BOARD HELD MONDAY.

WILL ASK FOR $120,000

Balance is Found in Nearly All Funds —Junketing Committee Coming Tuesday.

Members of the board of regents of the Normal school here were in session at St. Joseph on Monday, going over the affairs of the institution for the last session of the board of regents for the close of the biennial period. The principal purpose of the meeting was to decide what funds will be necessary for the maintenance of the school for the next two years, and to make a report to the junketing committee. This matter was left in the hands of W. A. Blagg, president of the board, and President H. K. Taylor.

Dr. Taylor is of the opinion that it will take $120,000 appropriation for the next [illegible] the State normal [illegible] years. In 1910 the state legislature gave the Normal $102,000, and as the affairs of the institution have been handled very economically for the past two years, there is a balance in nearly all of the funds. However, this money left over is being spent at the present time on the interior of the building and for improvements, and by the first of the year there will be no money left to turn back to the state. There are fifteen workers at work now at the Normal.

The junketing committee will be in Maryville next Tuesday to visit and inspect the school. They are to report to the coming legislature, and also recommend what appropriation they think is needed.

Plans were discussed at the meeting Monday for a lighting plant, and the legislature will be asked to appropriate money for this purpose.

Other matters before the board were only routine work and the allowing of bills.

Governor-elect Major will have the appointing of two Democratic members of the board of regents with the opening of his administration in January. H. J. Hughes of Trenton and O. P. Williams of Plattsburg, Republican members, will retire from the board, as their terms will have expired. The present complexion of the board is four Republicans to two Democrats, with State Superintendent Evans a Republican.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We, ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

BRITISH PROTEST ON CANAL BILL

Formal Note Read to Knox by Ambassador Bryce.

ELABORATE ARGUMENTS MADE

Asserts the Exemption of American Coastwise Vessels Unfair—Result of Principle in Practice Is Feared by English Official.

Washington, Dec. 10.—Great Britain's formal note of protest against that section of the Panama canal act which exempts American coastwise shipping from payment of tolls for passing through the Panama canal, a document written by Sir Edward Grey, British minister for foreign affairs, was presented to the secretary of state, Philander C. Knox, by the British ambassador, James Bryce, who read the note, word for word, to the secretary at the latter's home. It is an elaboration of the points of objection in the note presented to the state department last July. In brief, these objections are:

That while it was clearly in violation of the Hay-Pauncefote treaty either to remit or refund tolls on all American shipping using the canal, the same objection probably would apply to the coastwise shipping in view of the probable impossibility of framing regulations that would not result in a preference to American shipping.

In addition to supporting these points by long arguments, Sir Edward indicates very clearly that strong resistance will be offered to any attempt to exclude from the canal British ships owned by Canadian railroads or whose owners may be guilty of violating the Sherman anti-trust act.

He also indicates in his note that underlying the objection to the exemption from toll of American coastwise ships is an apprehension that in the future the principle might be extended to cover American ships in the foreign trade.

Otherwise the note is devoted almost entirely to an effort to demonstrate that any such exemption of American shipping, as is proposed, is in direct conflict with the terms of the Hay-Pauncefote treaty and that President Taft was clearly wrong when he took the contrary view. Generally, the British note might be summed up as a clear definition of the difference between the two governments regarding the construction of the Hay-Pauncefote treaty, winding up with a proposal that the issues should be settled by arbitration, provided that they cannot be adjusted by mutual agreement for which a way remains open.

BIGGEST GUN EXPLODES

New Piece of Ordnance Bursts at Proving Ground.

New York, Dec. 10.—A gun of 14-inch caliber and fifty tons weight, the largest and newest type built by the United States government, at a cost of $130,000, exploded at the Sandy Hook proving grounds.

While the explosion of smaller guns has taken scores of lives, the big 14-inch blew to pieces without causing so much as a scratch to the men around it.

The two-ton breech-block was blown a quarter of a mile, the muzzle was hurled still farther away and fragments were spread in every direction, but Ordnance Officer Michael Brennan, who was standing on the temporary disappearing carriage, was not struck, although the structure itself was wrecked.

Brennan was thrown many yards, but sustained hardly a bruise. The other officers and men in charge of the firing were behind a bomb proof wall, which protected them from injury.

Drives Off a Terror.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cents and $1.00. Trial bottle free at the Orear-Henry Drug Co.—Advertisement.

Foils a Foul Plot.

When a shameful plot exists between liver and bowels to cause distress by refusing to act, take Dr. King's New Life Pills, and end such abuse of your system. They gently compel right action of stomach, liver and bowels, and restore your health and all good feelings. 25c at the Orear-Henry Drug Co.—Advertisement.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

CASCARETS CLEANSE LIVER AND BOWELS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

Mrs. Henry Meyers went to St. Joseph Monday evening from a visit with relatives.

Mrs. Alice Caddell of Conception was doing Christmas shopping in Maryville Tuesday, and was accompanied by Miss Myrtle Dow of Chillicothe, Mo., who is visiting her.

WINTER TIME ON THE FARM.

This is the Season for Study and Making Needed Repairs.

Winter is the farmer's recuperative period. It gives time for study and for outlining the coming year's work. In the summer the farmer is kept busy carrying out the work planned the previous winter; he even has work for the rainy day and does well to get a few minutes with his farm paper.

In the long winter evenings little, if anything, can be done in the fields, and the time can be spent in reading and study that will enable him to carry on the farm operations more efficiently. After the plans are made, the next thing is to see that everything is in readiness before the coming of spring.

Is the machinery in good condition? If not, time can profitably be spent in the repair shop. When the machinery is run under the shed in the fall it should be examined carefully, and a note made of the repairs needed. Time will be saved if a tag is put on the piece needing repairs, so it can be found readily.

Again, as the machinery is gone over it should be oiled well to protect it from rust. The life of the machinery will not only be lengthened but it will be much easier to manipulate when next wanted.

TUESDAY'S GAMES MAY DECIDE.

Victor in Normal Basket Ball Tournament—M.-L's and Toggeries Won Monday Evening.

Standing of the Teams.

	Won.	Lost.	Pr.ct
Montgomery-Lyles	10	4	.714
Toggeries	9	4	.692
Bull Mooses	7	6	.539
Montgomery Shoe Co.	6	8	.428
Berney Harrises	4	8	.333
Bee Hives	3	9	.250

Both the Montgomery-Lyles and the Toggeries won in the Normal basket ball tournament Monday afternoon, the M.-L's winning from the Berney Harris quintet 16 to 11, and the Toggeries conquering the Bee Hives by a count of 20 to 13. As will be seen by the standing of the teams the M.-L's are still half a game ahead of the Toggeries. Should the Toggeries win from the Berney Harrises Tuesday, first place will be tied up, but, on the other hand, if the Harris team should slip one over on the Togs, the pennant will go to the Montgomery-Lyles.

The M.-L's are especially jubilant over their defeat of the Berney Harris five last evening, since the latter team defeated the leaders on the two other occasions. In the first half the winners had things entirely their own way and that period ended with the M.-L's ahead, 10 to 1. But in the final half the Harrises played their opponents off their feet and scored 9 points to the M.-L's six. Lamar, right forward for the victors, was the star of the game. He got away with six field goals. The line-up:

Montgomery-Lyles—Forwards, Lamar and Carpenter; center Daise; guards, Miller and Scott.

Berney Harrises—Forwards, Taylor and Mathes; center, Perrin; guards, Allison and Boyer.

Summary—Goals from field: Lemar 6, Daise 2, Perrin 3, Mathes. Free throws, Perrin 2.

Capt. Seymour deserves all the credit for the Toggeries' victory over the Bee Hives in the second game. "Sey" just warmed up a little in the first half by getting three field goals, and in the last period he turned loose and pickled seven more, making a total of 20 points out of the 25 scored. G. "Buck" Holmes took care of the other five points with two field goals and a free throw. Eek at forward for the Hives was the whole show for the losers. He garnered four baskets and three free throws for a total of 11 points. The line-up:

Toggeries—Forwards, Seymour and Holmes; center, Johnson; guards, Howley and Shaub.

Bee Hives—Forwards, Eek and Strader; center, Anderson; guards, Nicholas and Hanna.

Summary—Field goals, Seymour 10, Holmes 2, Eek 4, Hanna. Free throws, Eek 3, Holmes.

LASLEY NOT GUILTY

BY DECISION OF KANSAS CITY COURT OF APPEALS.

NOT A WIFE DESERTER

Judge Broaddus Decides Law in Case of Hopkins Man Tried in Nodaway Circuit Court.

According to the decision of Judge Broaddus, presiding justice of the Kansas City court of appeals, the case of the state vs. Clarence Lasley was reversed and the defendant discharged. The case was tried in the Nodaway county circuit court last February and young Lasley received a sentence of twelve months in jail and a fine of $500 from the hands of a jury. The case was then appealed to the Kansas City court.

Lasley was charged with wife abandonment. According to the decision of the Kansas City court Lasley will not be tried again. The young man is from Hopkins.

A Kansas City paper, speaking of the decision in the Lasley case said:

A man can leave his wife frequently or entirely and live in another community, and as long as he supplies her with three meals a day and clothing he is immune from a charge of wife abandonment. That was the effect of a decision in the court of appeals yesterday.

Mrs. Clarence Lasley of Hopkins left Hopkins to visit her parents in July, 1911. When she returned her husband told her that single life suited him very well, and that either he or she must leave. He left, and a charge of wife abandonment was made. The fact that Lasley had contributed to the support of his wife after the two lived apart caused the Kansas City court of appeals to reverse the decision.

Prosecuting Attorney Wright and Assistant Ford represented the state, and Cook, Cummins & Dawson the defendant.

DELIVERS INSPIRING MESSAGE.

President Taylor Gave Address to the African Methodists on Sunday.

Dr. H. K. Taylor, in response to an invitation extended him by Rev. J. R. Carter of the A. M. E. church, this city, delivered one of the most scholarly and inspiring messages that that congregation has ever heard in this city, on Sunday. Dr. Taylor made Sunday exhortations from the 12th chapter of Romans, selecting for his sermon text, however, "The Candlestock Christian." Among the many good things he impressed were that Christians should let their lights shine by living correctly, not merely on Sunday at the church, but every day; Christians should use that influence in co-operation with minister and teacher to bring others into the fold of righteousness, and so organize social conditions that when a moral issue is at stake the colored people will be found on the right side. He admonished them to draw a line of morality and let it be distinct, and the time will come when good Christian negroes will be considered not as the "ordinary," but as a man. Such men as Dr. Taylor are always welcome, and the congregation of the A. M. E. church hereby express their sincere thanks and appreciation for his message.

WORKS IN CLASSICS

THE NEED OF OUR PUBLIC LIBRARY AT PRESENT TIME.

WOULD MAKE NICE GIFT

For the Reading Public—A Private Fund by Our Citizens Would Be a Good Christmas Gift.

There are many classical works that are needed in the public library, and the only way to secure them is for the people to contribute to a fund for this purpose. The library board cannot order them, as they only get enough money to pay the running expenses of the library. The fiction books that are being ordered are paid for, as they are penny a day books.

It has been suggested that the citizens contribute to a fund to get these classics. They can be purchased at a very low price, one-fourth off of publisher's prices, from a publishing firm in Chicago. All that wish to give something for this purpose are requested to inform the librarian, Miss Grace Langan.

Here are some of the classical works that are needed at the library:

Robert Louis Stevenson's works, 10 volumes.

Sir Walter Scott's novels, 24 volumes.

Guy De Maupassant's works, 10 volumes.

Wm. Harrison Ainsworth's works, 8 volumes.

George Eliot's works, 8 volumes.

Robert Browning's works, 12 volumes.

Taine's History of English Literature, 4 volumes.

W. M. Thackeray's works, 10 volumes.

Lane's Arabian Nights, 4 volumes.

Daniel DeFoe's works, 8 volumes.

Plato's works, 4 volumes.

Alexander Dumas' works, 18 volumes.

Thomas Carlyle's works, 10 volumes.

Count L. N. Tolstoi's works, 12 volumes.

Robert Burns' works, 6 volumes.

Washington Irving's works, 10 volumes.

Charles Lamb's works 7 volumes.

Rudyard Kipling's works, 10 volumes.

Macauley's History of England, 5 volumes.

LAST TIME IT WILL OCCUR.

Thursday You May Date Your Memoranda by Use of Three Consecutive Numbers.

A freak in the calender will occur Thursday. At that time will occur the last opportunity in nearly a century that any business man will be able to date his memoranda by the use of three consecutive numbers.

On that day a letter may be dated "12-12-12." The next time anything of the kind can be done will be January 1, 2001, when it would be dated 1-1-1.

Dating letters with the same three numbers may be done once a year for the first twelve years in any century. January 1, 1901, was the beginning of the last period.

BOARD OF REGENTS

MEETING OF NORTHWEST NORMAL BOARD HELD MONDAY.

WILL ASK FOR $120,000

Balance is Found in Nearly All Funds —Junketing Committee Coming Tuesday.

Members of the board of regents of the Normal school here were in session at St. Joseph on Monday, going over the affairs of the institution for the last session of the board of regents for the close of the biennial period. The principal purpose of the meeting was to decide what funds will be necessary for the maintenance of the school for the next two years, and to make a report to the junketing committee. This matter was left in the hands of W. A. Blagg, president of the board, and President H. K. Taylor.

Dr. Taylor is of the opinion that it will take $120,000 appropriation for [illegible] the next two years. In 1910 the state legislature gave the Normal $102,000, and as the affairs of the institution have been handled very economically for the past two years, there is a balance in nearly all of the funds. However, this money left over is being spent at the present time on the interior of the building and for improvements, and by the first of the year there will be no money left to turn back to the state. There are fifteen workers at work now at the Normal.

The junketing committee will be in Maryville next Tuesday to visit and inspect the school. They are to report to the coming legislature, and also recommend what appropriation they think is needed.

Plans were discussed at the meeting Monday for a lighting plant, and the legislature will be asked to appropriate money for this purpose.

Other matters before the board were only routine work and the allowing of bills.

Governor-elect Major will have the appointing of two Democratic members of the board of regents with the opening of his administration in January. H. J. Hughes of Trenton and O. P. Williams of Plattsburg, Republican members, will retire from the board, as their terms will have expired. The present complexion of the board is four Republicans to two Democrats, with State Superintendent Evans a Republican.

Sylvester Walter Died Monday Night at the Burlington Junction Mineral Springs—Lived Near Tarkio.

Mrs. Thomas Workman of this city was called to Burlington Junction Tuesday morning by the death of her brother, Sylvester Walter of Tarkio, who died Monday night at the Burlington Junction Mineral Springs of stomach trouble, from which he had been suffering for about two months. Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We, ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

J. C. Ferritor, Druggist.

BRITISH PROTEST ON CANAL BILL

Formal Note Read to Knox by Ambassador Bryce.

ELABORATE ARGUMENTS MADE

Asserts the Exemption of American Coastwise Vessels Unfair—Result of Principle in Practice Is Feared by English Official.

Washington, Dec. 10.—Great Britain's formal note of protest against that section of the Panama canal act which exempts American coastwise shipping from payment of tolls for passing through the Panama canal, a document written by Sir Edward Grey, British minister for foreign affairs, was presented to the secretary of state, Philander C. Knox, by the British ambassador, James Bryce, who read the note, word for word, to the secretary at the latter's home. It is an elaboration of the points of objection in the note presented to the state department last July. In brief, these objections are:

That while it was clearly in violation of the Hay-Pauncefote treaty either to remit or refund tolls on all American shipping using the canal, the same objection probably would apply to the coastwise shipping in view of the probable impossibility of framing regulations that would not result in a preference to American shipping.

In addition to supporting these points by long arguments, Sir Edward indicates very clearly that strong resistance will be offered to any attempt to exclude from the canal British ships owned by Canadian railroads or whose owners may be guilty of violating the Sherman anti-trust act.

He also indicates in his note that underlying the objection to the exemption from toll of American coastwise ships is an apprehension that in the future the principle might be extended to cover American ships in the foreign trade.

Otherwise the note is devoted almost entirely to an effort to demonstrate that any such exemption of American shipping, as is proposed, is in direct conflict with the terms of the Hay-Pauncefote treaty and that President Taft was clearly wrong when he took the contrary view. Generally, the British note might be summed up as a clear definition of the difference between the two governments regarding the construction of the Hay-Pauncefote treaty, winding up with a proposal that the issues should be settled by arbitration, provided that they cannot be adjusted by mutual agreement for which a way remains open.

BIGGEST GUN EXPLODES

New Piece of Ordnance Bursts at Proving Ground.

New York, Dec. 10.—A gun of 14 inch caliber and fifty tons weight, the largest and newest type built by the United States government, at a cost of $130,000, exploded at the Sandy Hook proving grounds.

While the explosion of smaller guns has taken scores of lives, the big 14-inch blew to pieces without causing so much as a scratch to the men around it.

The two-ton breech-block was blown a quarter of a mile, the muzzle was hurled still farther away and fragments were spread in every direction, but Ordnance Officer Michael Brennan, who was standing on the temporary disappearing carriage, was not struck, although the structure itself was wrecked.

Brennan was thrown many yards, but sustained hardly a bruise. The other officers and men in charge of the firing were behind a bomb proof wall, which protected them from injury.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

CASCARETS CLEANSE LIVER AND BOWELS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

Mrs. Henry Meyers went to St. Joseph Monday evening from a visit with relatives.

Mrs. Alice Caddell of Conception was doing Christmas shopping in Maryville Tuesday, and was accompanied by Miss Myrtle Dow of Chillicothe, Mo., who is visiting her.

When it's raining or when the streets are slushy don't bother with rubbers—wear Dr. A. Reed Cushion Shoes. Then you can be sure your feet will always be dry and warm. And you'll enjoy walking, too. For the soft cushion insole not only keeps away the moisture that soaks through the soles of most shoes—but supports the arch of your foot, and distributes your weight so evenly that walking is simply delightful. No more tired aching feet. Let us show you the new styles.
